

Reflecting on Living Water's Time Serving the Lord in Honduras

**How do their
culture and
living
conditions
help give you
a new
perspective
when you
return to the
USA?**

What are some ways the Spirit worked through the team, & what can we learn from Honduran Christians?

**What
made the
time spent
with the
children
so
impactful?**

**What was
it like
preparing
for and
being there
for two
weddings?**

**What would
you like to say
to those who
are considering
joining the
Living Water
Team in
Honduras in
2026?**

For the congregation:

We each have mission work right here in Northern Illinois. Have you been considering how you can impact our community for God's kingdom, and will you be obedient to His call in your life?

**Let's pray to be led by
the Spirit in every
place where God has
us and let's remember
to pray for those in
Honduras.**
